Custom Water Utility Training Platform

Our online education platform comes preloaded with water industry training and can be customized to create your site specific training program.

"Well organized classes and lectures."

- W. Anderseck

YOUR OWN WATER ACADEMY

Take your training program to the next level! American Water College can help you create an online training academy that is customized for your organization.

VIDEO LECTURES

Each lesson has a video lecture. The instructor teaches through the material while you sit back and watch, listen, and learn.

QUIZZES

Each lesson includes quizzes, allowing the student to demonstrate the training was effective and the objectives have been met.

LESSON HANDOUTS

Printable PDF handouts for each lesson are included so you can follow along with the video lectures and review the material offline.

IACET ACCREDITED CEUs

All of our courses are IACET accredited and can be used towards your CEU and Contact Hour requirements for license renewal in most states.

INSTRUCTOR SUPPORT

Our student support team is ready to help you with everything from selecting the right course to explaining complex math problems.

ADD YOUR OWN TRAINING CONTENT

Not only does our secure online learning platform come fully loaded with up to 10 training libraries, but you can easily add your own SCORM compliant content or create your own lessons within the system.

FULLY MANAGED

Your account includes updates, monitoring and backups. Rest assured your learning system is in good hands and you'll get the support you need.

Training Libraries Available

Water Treatment	Safety
Distribution	Management
Waste Collections	Professional Development
Wastewater Treatment	Water Treatment Technology
Continuing Education	Specialized Training

Each Lesson Includes:

- Video
- Lesson handout
- Quiz
